

Press Release
For Immediate Release

Couture Homes Properties Limited (a member of CSI Properties Limited)
sponsors the World Green Organisation for
United Nations Millennium Development Goals – Green Office Awards
Labelling Scheme (GOALS) Award Presentation Ceremony

(December 1, 2015) -- Couture Homes Properties Limited (Couture Homes), the wholly owned subsidiary of CSI Properties Limited (Stock code: 497), is dedicated to fostering a better and more harmonic community and contributing to community by sponsoring charitable and educational functions in Hong Kong. The group has continuously showing support by sponsoring the World Green Organisation (WGO) with the latest charitable event “United Nations Millennium Development Goals – Green Office Awards Labelling Scheme (GOALS) Award Presentation”.

The World Green Organisation (WGO) is an independent non-governmental organisation concerned with environmental conservation and environmentally related livelihood and economic affairs. It provides a comprehensive approach to a fully integrated environmental solution that combines social, environmental and economic aspects. WGO also aims to enhance the quality of the environment, promote a green economy, and improve people’s livelihoods through science-based policy research and community projects. It will focus on social concerns of underprivileged groups and creating a green economy, to help realize its vision of sustainable development.

While Green Office Awards Labelling Scheme (GOALS) integrates Hong Kong business and social service sectors with the United Nations’ global initiatives, the programme also supports Hong Kong to become a low carbon city by assembling the key change agents – government officials, business corporations, social service organisations, professional associations and university students – to share experience and accelerate positive changes in office and retail environments through the execution of green practices. By joining the scheme, the corporates could enhance their image, save costs in long run and make contribution to the society.

Mr. Jimmy Fong, Executive Director of CSI Properties Limited and Managing Director of Couture Homes, said, "It is our great honor to continuously sponsor WGO's event and show our support to promote a greener economy. We fully understand the impact of eco-measures on the sustainable development. Improving quality of living standard is also one of the key goals of our company."
